

Praying for Others

Read Genesis 18:16–33 in your Bible. This is an important story about praying for others. Now try to answer the following three questions. If you need help, discuss the questions with a friend or one of your parents.

- How do I know that God cares about the people I pray for?
- Who else should I pray for besides the people I know and like?
- How does this story show that God will answer my prayers for other people?

Make a list of people to pray for and things to ask God to do for them, and then use the list when you pray each day.

Live It!
