

What Is Important?

Make a list of the most important things you can ask God for when you pray. Now read Genesis 28:10–22.

Jacob wanted three things from God. You can find them in this passage. Jacob wanted God to be with him and to watch over him on his journey, to give him food to eat and clothes to wear, and to return him safely to his father's house.

God gave Jacob the important things he wanted and needed. Can you think of three really important things God has given you? Thank him for these things when you pray.

Live It!
