

Organize Your Work

Read 1 Chronicles 28:11–19. What plans did David make for building God's temple?

It is always wise to plan work. Try planning ahead how you will pick up your room. Use this work list as a guide.

1. Sort and pick up clothes. 2. Put away books, markers and pencils. 3. Put away toys. 4. Put old papers in the wastebasket, and then empty it. 5. Straighten things on tables and dressers. 6. Dust furniture. 7. Vacuum.

Any job is easier when you are organized. Think about the other jobs you have. Try to organize them so you can do them one step at a time. If you need help, ask your mom or dad to help you organize.

Live It!
