

Praising God

Sometimes people praise God by praying, by singing or by raising their hands toward heaven. Read 1 Peter 2:9–12. How does living a good life praise God?

Have each person in your family write his or her name on a flashcard and tape it to the refrigerator. Each evening have each family member think of one good thing he or she did that day to please God. Write it on the back of their flashcard. See how soon each one fills up.

Live It!
