

Write a Commercial

Watch several TV programs with your mom or dad. Make a list of the different commercials you see. Then discuss them. Why do companies put commercials on TV? How do commercials get people to buy what they advertise? Do commercials ever make “promises” that the products can’t keep? (As an example, do they ever promise that you’ll be happy or beautiful or that you’ll never be lonely if you use a certain product?) How is the music in the commercials important?

Read 2 Chronicles 5:2–14. King David had the Levites write songs and lead the people in praising God. One song they wrote was something like a TV commercial for God (2 Chronicles 5:13)!

Write a family commercial for God. Think what to say about him that would make other people want to know and worship God too. Use a tune you know to go with your commercial for God. Then ask yourself whether God can keep the promises he makes!

Live It!

2 Chronicles 5:2–14
