

A Church Building Program

Joash became king when he was only seven years old. Read 2 Kings 12:1–12 and find out what Joash did to show he loved God. How did others who loved God help him?

Sometimes churches need to be repaired. Many churches have building programs to build more rooms for church school or a bigger room for worship services. Here are some ways you can earn money to give, just as the people gave to help Joash repair God's temple:

1. Collect newspapers.
2. Collect soda pop cans and bottles and turn them in for money.
3. Wash cars.
4. Mow lawns, rake leaves, or sweep a garage.
5. Collect things for a garage sale or auction.
6. Bake and sell cookies or cupcakes.

What will you do to earn money for your church?

Live It!

2 Kings 12:1–12
