

## Pray When You Are Sick

Hezekiah had prayed when Jerusalem was going to be attacked by Assyria (see 2 Kings 18–19). God answered his prayer and saved the city. So when Hezekiah became sick and was about to die, he prayed again. Read 2 Kings 20:1–11. Then write the word Hezekiah on a sticky note. Now get a Band-Aid and put it above the name Hezekiah. Write out these words from Psalm 30:2 on your sticky note: "God, I called to you for help, and you healed me."

Put your sticky note verse inside the door of your family medicine cabinet to remind you to pray when you or a family member gets sick.
