

Nobody Special

Esther's mother and father died, so Esther was brought up by her cousin. No one would have thought Esther was special while she was growing up. But when she did grow up, something happened that made her very special. Read Esther 2:1–18 and find out what happened that made Esther special. Sometimes you may not feel very special. Others may be smarter. Or faster runners. Or have nicer clothes. But you are special to God. Just as he had a plan for Esther, he has a plan for your life. Read about it in Jeremiah 29:11. Draw a picture of yourself doing something special when you grow up. Show the picture to your teacher and tell him or her what you would like to be when you are older.

Live It!
