

The Job of a Watchman

In Bible times watchmen stood on a city wall to warn citizens of danger. Read Ezekiel 3:16–21 to find out what God's watchman does.

Christians today can watch out for others too. You and some of your friends might even start a watchman's club! Pick a club Bible verse, make up club rules, and have a special watchman's handshake. Anyone who wants to obey God can join. Club members can promise to help each other do what God says is right.

Live It!
