

Don't Trust Astrologers

People in Babylon wanted supernatural help. They tried magic spells, and they asked astrologers to tell them what to do. Astrologers are people who think the stars control our future. Read Isaiah 47:12–15. Could magic or astrology help the Babylonians avoid God's judgment? Also read Daniel 2:1–11. Could the astrologers help King Nebuchadnezzar? Most newspapers have an astrology column to give advice to people. If your paper has an astrology column, write a letter to the editor and tell him or her what you think about astrology. When you need help to make a decision, pray to God for help and talk to an adult Christian you can trust.
