

## Wisdom Diary

Read James 1:5–8. Wisdom in the Bible means knowing the right thing to do. “Believe and not doubt” means that, when God shows a person the right thing to do, he or she must do it.

A wisdom diary is a little notebook in which you write down hard decisions you have to make. Pray about them. When you think you know what God wants, do it. Then write down what happens when you do what God wants.

When you look back over your notebook you will find out how wise you were to ask God for wisdom and how good it is to do what is right.

# Live It!

**James 1:5–8**
