

## A Family History

If your parents, grandparents, uncles and aunts are Christians, make a history book to help you remember what God means to your family. Ask your parents to get you a picture album. Then get pictures of your mom and dad, your grandparents, aunts and uncles, and other relatives. Ask each relative to write you a letter about his or her life and what God has meant to him or her. Put the pictures and letters in the album. Then you will never forget what God has done for your own family.

It really is important to remember God. Read Judges 2:10–23 to see what happened when the young Israelites did not remember God.
