

Revenge

Samson was strong, but he was not always good or wise. Once when the Philistines had tricked Samson, he became very angry and decided to get even, to get revenge.

Read Judges 15:1–17. Did Samson's revenge help anyone? The Philistines? The Israelites? Samson?

Look at the three situations below in which you might be tempted to get even. What should you do?

1. Your sister borrows your headphones and breaks them.
2. While you are walking down the hallway at school, a classmate runs by and accidentally knocks your books out of your hands.
3. Your parents punish you for something that isn't your fault.

Live It!
