

## Work Hard

Read Proverbs 6:6–11. Then look outside for an anthill (weather permitting!). Watch the ants going in and out. See the loads they carry. The writer of Proverbs urges people to follow the example of ants and to work hard.

An easy way to draw an ant is to use just three circles and stick legs. If you need a reminder to work hard on your schoolwork, on your chores, or on some other project, draw a picture of an ant and tape it where it can remind you (notebook, calendar, locker, piano, bedroom door, etc.).

# Live It!

Proverbs 6:6–11
