

In Control

Read Psalm 19:1–6. God placed the earth just far enough from the sun to give us light and warmth. He made the earth rotate so the warmth would be spread everywhere. He makes sure the sun rises and sets every day, just as it should. If you watch the sun do its work each day, it will show you that God is in control.

Go to a park with a parent or grandparent to watch the sunset. Let it be a reminder to you that God is in control from sunset to sunset, through all your life.

Live It!
