

Praise God

Praise is telling God how great he is. Sometimes we praise God by talking to him. Sometimes we praise God by talking to others about him. Read Psalm 113.

You can praise God too. One way would be to write down two lines telling God what you like about him. Another way would be to write down two lines that tell others why God is so special. When it's your turn to pray before a meal or when you pray at bedtime, start with one of the praise verses you have written.

Live It!

Psalm 113:1-9
